ABOUT ME

I am an undergraduate Fisheries student at Habiganj Agricultural University (CGPA 3.964), specializing in aquatic ecosystem management, sustainable fisheries, and aquaculture. As the Local Vice Director of Communication at IAAS Bangladesh, I organize workshops and facilitate fisheries sector collaboration. I have worked as a Research Assistant, analyzing economic losses from flooding and farmer resilience. Recognized for public speaking, photography, videography, and event management, I won Best Speaker in an English debate and Best Photographer in an intra-university competition. Currently, I serve as a Video Editor at FH Production Pro, using media to communicate scientific concepts. I aspire to advance fisheries research, environmental conservation, and science communication for sustainable aquatic resource management.

EDUCATION AND TRAINING

Bachelor of Science in Fisheries

Habiganj Agrucultural University, Habiganj [2023 – Current]

City: Habiganj Sadar, Habiganj | **Country:** Bangladesh | **Website:** <https://www.hau.ac.bd/> | **Field(s) of study:** Fisheries | **Final grade:** 3.964/4.00

DIGITAL SKILLS

Microsoft Office (Word , Excel and Power Point) / Adobe Premirere Pro / Video Editing / Photography / Photo Editing

LANGUAGE SKILLS

Mother tongue(s): Bengali

Other language(s):

English

LISTENING C1 READING C1 WRITING C1

SPOKEN PRODUCTION C1 SPOKEN INTERACTION C1

Hindi

LISTENING B1 SPOKEN INTERACTION B1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

ORGANISATIONAL SKILLS

International Association of Students in Agricultural and Related Sciences Bangladesh

As the Local Vice Director of Communication for IAAS Bangladesh at Habiganj Agricultural University, I play a vital role in fostering connections with other universities' IAAS members. My responsibilities include managing communications, which involve coordinating information exchange and collaborating on various initiatives.

I take pride in creating eye-catching banners and posters to promote our activities and events, ensuring that our message reaches a wider audience. Additionally, I manage our social media platforms, where I share updates, engage with members, and promote our organization's goals. This role has not only honed my communication skills but also deepened my understanding of the importance of effective outreach and collaboration within the academic community.

Intra University Photo Exhibition

I organized an intra-university photo exhibition at Habiganj Agricultural University, where I had the opportunity to showcase my passion for photography. As the Lead Organizer, I was responsible for planning and executing the event. This included curating the collection of photographs, setting up the exhibition space, and coordinating with all the participants.

I was thrilled to receive recognition as the 'Best Photographer' during the exhibition, which highlighted my creativity and talent. The event not only provided a platform for me and other students to display our work, but it also fostered a sense of community among aspiring photographers. This experience really enhanced my organizational skills and solidified my commitment to promoting the arts within our university.

Debate Competition Achievements

Achieved the title of Best Speaker in the Faculty's first English debate, "Arranged Marriage is Better than Love Marriage," representing the opposing team. This experience enhanced my public speaking skills, critical thinking, and ability to articulate arguments effectively in a competitive setting. Recognized for my persuasive communication and engagement with the audience, demonstrating my commitment to excellence in debate and discussion.

Exploratory Assignment in Guingajhuri Haor

Participated in an exploratory assignment focused on biodiversity and ecosystem dynamics in Guingajhuri Haor. This assignment involved fieldwork to assess the ecological interactions and species diversity within the haor ecosystem.

Market Channels Observation of Local Fish Markets

I observed and documented the market channels of local fish markets in Habiganj Sadar, analyzing the distribution and sales dynamics of freshwater fish. This study provided valuable insights into pricing strategies, supply chain operations, and the role of intermediaries in the local fish trade, contributing to a better understanding of market trends and economic factors influencing the fisheries sector.

Freshwater Fish Species Listing

Compiled a comprehensive list of freshwater fish species found in Bangladesh. This resource serves as a valuable reference for researchers, students, and enthusiasts interested in the rich biodiversity of Bangladesh's freshwater ecosystems.

Blood Collection from Live Fish

I practically collected blood from live fish for observation, gaining hands-on experience in biological sampling techniques that are essential for aquaculture and research on aquatic species health. This process enhanced my understanding of physiological assessments and allowed me to appreciate the importance of health monitoring in sustainable fisheries management.

Identification of Bones and Scales in Fish

Executed fish dissections to arrange and identify different bones and scales, providing insights into the skeletal structure and adaptations of fish species.

Practical Dissection of Shrimp

I conducted practical dissection of shrimp during the first semester, which enhanced my skills in anatomical exploration and deepened my understanding of crustacean biology.

Plankton Identification Study

I conducted a comprehensive study on plankton in the Khowai River, where I identified various species of phytoplankton and zooplankton. This research not only aimed to enhance my understanding of aquatic ecosystems but also explored the vital role that plankton play in freshwater environments, including their impact on nutrient cycling and food web dynamics. Through this study, I developed essential research skills, such as sample collection, microscopic analysis, and data interpretation, contributing to a broader understanding of biodiversity and the ecological health of freshwater habitats.

MANAGEMENT AND LEADERSHIP SKILLS

Event Coordination and Visual Media Production

Organized the 3rd anniversary program for Habiganj Agricultural University, overseeing all aspects of the event and ensuring its success. Managed photography and videography to capture memorable moments, highlighting the university's achievements and community spirit. Additionally, provided photography and videography services for the 4th anniversary program, continuing to contribute to the university's celebrations through creative visual storytelling. This experience enhanced my organizational skills and deepened my passion for capturing significant events.

HONOURS AND AWARDS

Habiganj Agrucultural University

Intra-University Essay Writing Competition

Awarded 3rd Prize in an intra-university essay writing competition, demonstrating strong writing skills and the ability to articulate ideas effectively.

Habiganj Agrucultural University

Best Photographer Award

Awarded in an intra-university photography competition at Habiganj Agricultural University, recognizing my creativity and skill in photography.

VOLUNTEERING

Habiganj Sadar, Habiganj, Sylhet, Bangladesh

Volunteering Experience

Actively participated in a volunteer initiative to distribute relief goods to flood-affected individuals in Habiganj Sadar, organized by my university. Successfully provided essential supplies to 200 people, contributing to the community's recovery efforts during a challenging time. This experience strengthened my commitment to social responsibility and highlighted the importance of community support.

HOBBIES AND INTERESTS

Tech Enthusiasm and Video Editing

I have a strong enthusiasm for gadgets, always staying updated on the latest technology trends and innovations. Whether it's smartphones, cameras, laptops or other tech devices, I love exploring their features and functionalities. This passion drives me to create engaging content for my YouTube channel, where I review and showcase various gadgets.

Additionally, I possess solid video editing skills that I apply to my projects. I enjoy the creative process of editing videos, adding effects, transitions, and music to enhance the storytelling. This combination of my love for gadgets and my video editing skills allows me to express my creativity and share my insights with others, making it a fulfilling hobby that I truly enjoy.
